Letter of recommendation: DMSA

TO WHOM IT MAY CONCERN

Dear Sir/Madam,

This letter serves to confirm that DMSA has been providing **SkX Protiviti** with superior employee survey services since 2018. The last survey they conducted for SkX was in March 2022.

The DMSA project representatives stick to timelines and their professionalism is highly notable. We also took delight in the recommendations and advises they suggested prior and post the survey.

The survey feedback that DMSA presented to SkX HR and to all staff members was very comprehensive and was well received and understood by all.

I therefore would like to recommend DMSA to other businesses that may need to conduct surveys in order to see how their businesses and employees are doing.

Do not hesitate to contact me for more clarity.

Regards,

Lerato Moteane
