Dear Sir/Madam

REFERENCE FOR DMSA BY AGRISETA

DMSA was recently introduced to AgriSETA to undertake its first employee engagement survey. They exceeded our expectations by commencing and completing the endeavour within a short period of time, followed by well structured presentations to relevant role players. Their way is a quiet, soft and gentle approach like a Doctor applying balm to a wound. Such an effective approach stems from a wealth of experience which was evident to all of us. We are indebted to them for their assistance and would not hesitate to call on them again for more help in future.

Yours faithfully

Thakane Motebang
Human Resources Manager
