## **DMSA REFERENCE LETTER FROM GOVERNMENT PRINTING WORKS**

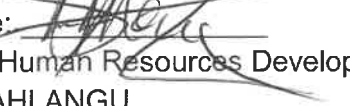

The DMSA has conducted the Government Printing Works (GPW) Employee Culture Survey in 2022.

GPW appreciate the reliability of DMSA's statistical analysis and their depth of reporting the results.

The DMSA has conducted themselves in a professional manner and produced high quality analyses and reports under tight time constraints. Furthermore, the results clearly showed our strengths and challenges with insightful recommendations on how to address the findings.

I therefore have no hesitation in recommending DMSA to other clients.

Kind Regards,

Signature:
